

Enabling EDIE

Enabling EDIE (Educational Dementia Immersive Experience) is an immersive workshop that enables participants to see the world through the eyes of a person living with dementia. Using our virtual reality technology, this workshop enhances your knowledge of dementia while exploring strategies to support a person with dementia to live more confidently.

You will gain knowledge in:

- The perspective of someone living with dementia.
- Identifying support needs in partnership with the client and their carer.
- Developing a dementia support plan that focuses on enabling a person living with dementia.

Suitable for:

Staff in various care settings providing support to people living with dementia.

When:

Friday 21 June 2024
9.30am - 12.30pm

Where:

Mercure Port of Echuca, 465 High St, Echuca, VIC, 3564

This event is supported by funding from Murray PHN through the Australian Government's PHN program.
