

POLAR WALKTHROUGH

Identifying RACGP active patients with a chronic condition, who are eligible for a Medication Review

This activity guides practices to identify RACGP active patients (have attended the clinic at least three times in the last 2 years), who have at least one chronic condition, and are eligible for a medication review.

Instructions	Screen Shot
<p>Login to POLAR, and navigate to 'Reports',</p> <p>selecting the 'Clinic Summary'</p>	
<p>Under the 'Filters' on the left,</p> <ul style="list-style-type: none">• click 'Patient',• click 'RACGP Active',• select 'Active'• and give it a green tick.	

To identify patients with at least one chronic condition, hover over the 'Clinical' on the top bar, and select 'Diagnosis'

Then select 'Chronic Disease Categories' on the left side, to enable you to select diagnosis groups (e.g. Diabetes)

Now select the chronic conditions you'd like to target, by clicking on the bar graph for each condition, and click the green tick to confirm the filter.

You can confirm your filters have been added, by checking the filter bar across the top of the page

– you should see two filters (RACGP active, and the Chronic Diseases selected)

Now navigate to the MBS Tracked report, by hovering over 'MBS' across the top, and select 'Tracked MBS' report.

At the top of this report, you can scroll down and select "Home Medication Review" to focus the rest of the report on this topic. (click on 'Home Medication Review')

The screenshot shows the 'Clinic Summary - Tracked MBS' report. At the top left, it says 'Patient Count' with a large blue number '14,299' and a smaller red number '13,933' next to it, with 'Active' written below. Below this, it says '(Excluded Patients: 0)'. A table lists various MBS items with columns for Focus, Tracked MBS Item, Eligible Cohort, Active, Active Review, To Action, Expired, Never Had, and Partially Claimed. The 'Home Medication Review' row is highlighted in yellow.

Focus	Tracked MBS Item	Eligible Cohort	Active	Active Review	To Action	Expired	Never Had	Partially Claimed
	Chronic Disease Nurse Assessment	2,404	117	Not Applicable	2,309	510	1,799	95
	45-49 Health Assessment	557	57	Not Applicable	514	0	514	Not Applicable
	75+ Health Assessment	1,426	256	Not Applicable	1,175	243	932	Not Applicable
	Home Medication Review	4,211	39	Not Applicable	4,178	69	4,109	Not Applicable
	Heart Health Check	7,142	20	Not Applicable	7,129	23	7,106	Not Applicable

You should now be able to view how these patients are tracking with Home Medication Reviews.

If you select the button that says 'Select Combined' – you can filter by patients who have either never had an HMR, or their last HMR has expired.

Alternatively, to replace the last three steps, you can also use the saved bookmark by going to 'Bookmarks' in the top right hand corner, and selecting 'POLAR – Medication Management Reviews).

This will add the correct filters to identify patients eligible for items 900, 903, 245 or 249)

You can view the number of patients who fit within these filters by looking at the Patient Count on the top left corner.

Double click to view list

Patient Count

44
Active

(Excluded Patients: 0)

Excluded patients are those defined by the the Exclusion filters. These patients are excluded from the patient count.

This functionality is available on the Clinical Indicators page.

You can generate a Patient List by clicking 'Patient List' in the top right hand corner.
