

PRIMARY CARE PREPAREDNESS

SEVERE WEATHER

September 2025

Severe weather warnings are provided for potentially hazardous or dangerous weather that is not solely related to severe thunderstorms, bushfires or tropical cyclones. Storms can occur at any time of the year, often accompanied by strong winds, large hailstones and lightning. With climate change expected to increase the frequency of extreme weather events such as storms, it is important to take practical steps to prepare.

Information for clinicians, plan how to manage emergencies	<ul style="list-style-type: none">• RACGP - Managing emergencies in general practice• RACGP - Managing emergencies• Service continuity and emergency events in aged care• Planning for an emergency while in aged care• Emergency preparedness in Victorian residential aged care services• 9 essential steps to prepare for a natural disaster
Update your emergency response documents	<p>Use an emergency response planning tool such as the Emergency Response Planning Tool (ERPT): an online tool that assists general practices in better preparing for, responding to, and recovering from the impacts of emergencies and pandemics.</p> <p>If using a paper system, store a copy off site. This will not only help you to stay focused and respond under pressure but get your business back up and running more quickly.</p>
Preparing for a disaster	The Preparing a General Practice for a Disaster HealthPathway has useful information on how to prepare before a disaster happens.
Useful resources for what to do in the event of a storm	<ul style="list-style-type: none">• Know your hazards - Storms• How to prepare and stay safe during storms: flood, hail and wind• Know what to do in an emergency situation
Stay up-to-date with alerts and information	<ul style="list-style-type: none">• VIC: https://emergency.vic.gov.au/respond/• NSW: https://hazardwatch.gov.au/• Australian Government Bureau of Meteorology: http://www.bom.gov.au/• Road closures: VicRoads - VicTraffic or Live Traffic NSW
Protect your data	<p>Ensure that your practice software is backed up, ideally to the cloud or remote drive, to reduce the risk of data loss.</p> <p>Upload patient information to My Health Record.</p>
Plan for power outages, loss of water supply and gas	Consider alternate power sources in the event of power outages for cold chain management, or clinical record access. Could you relocate vaccine/ medicines or access a generator if needed?

Ensure emergency contact details are up-to-date	So that Murray PHN can assist in coordinating support with government agencies during an emergency ensure to let us know who your emergency contacts are via your Quality Improvement Consultant or primarycareresponse@murrayphn.org.au
Communicate service closures or impacts	<p>Use social media and other platforms. Prepare a message or email to patients using appointment confirmation system or Pen CS if needed.</p> <p>Use Pen CS and CAT Plus recipes to identify relevant patient groups and send an SMS message to those patients who have not opted out.</p> <p>You will need to set up your account and ensure you have enough credits in the system to send the messages.</p> <p>Inform Murray PHN of service closures or impacts: primarycareresponse@murrayphn.org.au</p>
Plan staffing	<p>In the event of no or reduced access to your site or staff absences, consider alternate models of work, alternate sites and equipment needs (ERPT can guide you through these considerations):</p> <ul style="list-style-type: none"> • Are the practitioners set up with ePrescribing so patients can obtain scripts immediately and remotely? Ensure paper scripts/prescribing pads are also available in the event that no internet is available. • Does the practice have an alternate contact number, or can you temporarily divert your practice number, so patients can call if the building is closed, and the phone system is inaccessible? • Can admin and clinical staff access your practice management and clinical software systems off site to facilitate remote models of care? • Ensure clinicians are able to create pathology and imaging requests if working remotely. <p>Have information available for VVED to share with patients.</p>
Join the emergency volunteer list	If you have capacity to support in an emergency event, register your interest using the online form .
Do emergency exercise training	Undertake mock training incidents to ensure staff are competent and aware of their roles in the event of an emergency.
