

CPD EVENT FOR HEALTH PROFESSIONALS

MEDICATION AND DEPRESCRIBING FOR PEOPLE LIVING WITH DEMENTIA

Health professionals working in aged care are invited to learn the latest skills and strategies to manage medications for people living with dementia.

- Date:** Thursday 14 May 2026
- Time:** 6.30-8pm, dinner included (attendee check in from 6.15pm)
- Where:** Atura Albury, 648 Dean Street, Albury NSW 2640
- Register:** Register to attend [here](#) or use the QR code

Presenter

Dr Hong Yu, Consultant Physician and Geriatrician

Topics

Dr Yu will discuss a range of topics including medications for Alzheimer's disease, the impact of polypharmacy on people with dementia and the pathway for deprescribing.

Details on Murray PHN resources including HealthPathways, digital health and general practice support will also be shared.
