

COMMUNITY OF PRACTICE EVENT FOR GPs and GP registrars

CKD, diabetes and CVD – make the link | Bendigo

GPs and GP registrars are invited to join colleagues for an evening of education and networking. Attend this event to enhance your skills and knowledge in making the link between chronic kidney disease (CKD), diabetes and cardiovascular disease (CVD), and the impact of these conditions on an individual's wellbeing.

- Date:** Tuesday 16 June 2026
- Time:** 6.30-8.30pm, dinner included (attendee check in from 6.15pm)
- Where:** Quality Hotel Lakeside, Bendigo
- Register:** Register to attend [here](#) or use the QR code

Presenter

Mr Chris Holmes, Clinical Nephrologist

Learning outcomes

1. Explain how CKD, diabetes and CVD interact and influence each other
2. Outline the health burden of the conditions and their impact on wellbeing
3. Describe the importance of urine ACR testing in the detection and management of CKD
4. Review medication and treatment when managing CKD alongside diabetes and CVD.

Details on Murray PHN resources including HealthPathways, digital health and general practice support will also be shared.
