

STAY INFORMED. BE CONNECTED.

AGED CARE NEWSLETTER

Facility managers and staff can subscribe to this publication to stay across key news, information and resources – such as education, events and toolkits - to support healthy ageing and aged care.

AGED CARE ONLINE FORUM

Local residential aged care staff are invited to join the online forum to connect with peers, discuss challenges and successes in providing care, and to receive and share news and developments.

The online forum uses Microsoft's social networking platform Viva Engage, formerly known as Yammer.

RESOURCES AVAILABLE TO AGED CARE STAFF AND RESIDENTS

Murray PHN funds a range of projects, programs and resources to assist residential aged care homes. Access these via our website

AFTER HOURS TOOLKIT

AFTER HOURS TOOLKIT

An instructional resource to support engagement between staff, GPs and other health professionals and improve access to care for residents.

TELEHEALTH TRAINING

TELEHEALTH TRAINING

A 62 module training package supported by case studies and resources for residential aged care staff and remote clinical workers.

AGED CARE ONSITE PHARMACIST PROGRAM

AGED CARE ONSITE PHARMACIST PROGRAM

This service provides support to locate and engage a credentialed pharmacist to work onsite as part of the in-house team.

BERTIE EDUCATION

BERTIE (BETTER LIVES FOR RESIDENTS THROUGH INNOVATIVE EDUCATION)

An engaging and easy to digest 20-module package consisting of a short video, summary sheet and quick quiz, designed specifically for residential aged care home staff.

DIGITAL HEALTH FOR AGED CARE

DIGITAL HEALTH FOR AGED CARE

Electronic health records and secure online platforms can help to safely capture, share and manage residents' health information.

GP AGED CARE CONNECT

GP AGED CARE CONNECT

This service helps to connect permanent residents of residential aged care homes with a GP and GP practice where required.

PSYCHOLOGICAL THERAPY SERVICES IN RESIDENTIAL AGED CARE

PSYCHOLOGICAL THERAPY SERVICES (PTS) IN RESIDENTIAL AGED CARE

This program offers a variety of resources and tailored programs to residents who are at risk, have mild to moderate symptoms or a diagnosis of mental illness.

ADDITIONAL RESOURCES

EDUCATION AND EVENTS

EDUCATION AND EVENTS

A range of continuing professional development activities, such as webinars, workshops and communities of practice, are available.

EMERGENCY PREPAREDNESS FOR PRIMARY CARE

EMERGENCY PREPAREDNESS FOR PRIMARY CARE

A range of resources provide essential information and tools to help facilities plan for, recover from and respond to natural disasters and communicable diseases.

HEALTH PATHWAYS

HEALTHPATHWAYS

An online clinical management and referral resource which can guide best-practice assessment, management and referral of common medical conditions.

Employee assistance program

A confidential and professional support service for residential aged care home staff, delivered by Connect Psych services
