

PRACTICE DEVELOPMENT PROGRAM

Free one-on-one consultations for general practices and ACCHOs

with Murray PHN Quality Improvement Consultants and Larter Consulting

Murray PHN is pleased to offer the Practice Development Program to enhance the proficiency and quality of care provided in the region.

Working with your local quality improvement consultant, your practice has the opportunity to receive free, one-on-one support in key business areas from now until 30 June 2025.

Your quality improvement consultant will partner with you and Larter Consulting, to listen carefully, think deeply and work with your practice to identify areas of support to help you achieve organisational goals.

Places are limited so speak to your local Quality Improvement Consultant to express your interest today
E: gpsupport@murrayphn.org.au

Post-session support and guidance will be provided to ensure continued learning and application of quality improvement activities in the following key business areas:

New practice staff support

Practice operations

MBS maximisation

Workforce incentive program - Practice stream

MyMedicare - support for general practice accreditation

Multidisciplinary models of care
